Read the selection. Then answer the questions that follow.**Class Trip**

When I walked into the museum on our class trip, I could not believe what I saw. There was a dinosaur skeleton as tall as a house. My teacher said it lived a long time ago.

I went to the next part of the museum. There were pyramids made of stone behind large glass windows. There was even a real mummy in a big box. It looked very old.

The last area was dark. I saw stars painted on the walls. I stared at the large spaceship hanging in the air. My teacher said it was the first one to go into space.

On the bus ride back to school, I thought about the spaceship. I want to come back soon.
